Planning Policy Mailbox

Dear Parish Clerk,

As you may be aware, Cambridgeshire County Council and Peterborough City Council are in the process of writing a new Joint Minerals and Waste Local Plan. This Plan will seek to ensure an adequate supply of minerals and waste management facilities over the period to 2036, including the relevant policies needed by Officers and/or Councillors for determining planning applications for such development.

Over May and June this year, the councils consulted on a very early Preliminary Draft of the new Plan, seeking views on the proposed wording of these policies, and also asking landowners, agents and operators to submit their suggested sites for future mineral and waste management development. We received a number of such suggested sites.

As a Parish Council, your views on these suggested sites are very important to us. We appreciate that you will have particular knowledge of your local area, of the surrounding areas, and of how these sites and their potential after-use, may affect you, should they be allocated in the new Plan. An interactive map of the suggested sites can be viewed via [this link](#). Please zoom to your area and click on a site for more information. To view the full details of a site as it was submitted to us, visit the online consultation portal by clicking here for [minerals sites](#) or here for [waste sites](#), and select 'View Comments' in the top right corner. If you cannot access any link, please contact us and we will assist in providing the information by other means.

We would be grateful if you could send us any comments you have regarding the sites submitted in your area, or indeed any other area, by no later than **Wednesday 31 October 2018**. Please respond either by email (planningpolicy@peterborough.gov.uk) or in writing to the address below.

We would like to stress that *no assessment has been made by the councils of these suggested sites and the councils have not made any predetermination as to their suitability or otherwise*. The sites have been suggested to us, not by us. Your comments will feed into the process of considering each suggested site.

When we have considered your comments, along with those received at the Preliminary Draft stage, we will publish a Further Draft Local Plan for consultation in Spring next year. This Further Draft will include our preferred options for the Plan, and we will seek your comments again at that time.

Thank you in advance for your time. Should you require anything further, please do not hesitate to contact me.

Yours faithfully,

Chris Stanek BSc MSc PIEMA
